

first rate / cut in a generation

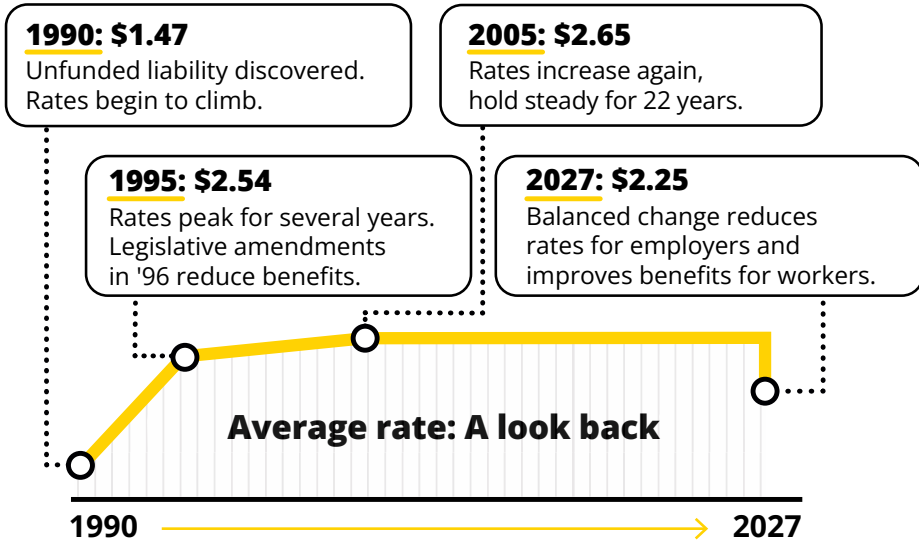

FROM **\$2.65** a reduction of **15%**
 TO **\$2.25**
 per \$100 assessable payroll

Back into economy

\$75M

How we got here

- More accountability
- Lower injury rate
- Work-connected recovery
- Strong financial governance

More money for business, a stronger economy, and a healthier Nova Scotia.

As we put money back into the economy, we are also improving worker benefits in 2027.

This is just the start.

Accountability got us here. Accountability will take us further. Because we all want the same thing: Nova Scotians working.
